Killamonjaro Lyrics

[Intro]

I can introduce you to this life, we live forever

Live forever, yah

Live forever, yah

I can introduce you to this life, we live forever

Live forever, yah

Live forever, yah

Fallin' in love, three yah

Wit' three, yah (wit' me)

Fallin' in love, all three, yah

That lean, yah

The molly, the Xanny, the lean, yah

[Verse 1]

I cannot stand all the drama, the Gaza

They talkin', they movin' like zombies

Trustin' nobody

I cannot love her, but I said I love her

Drugs are becoming increasingly popular in modern day Hip-Hop and is showing no sign of slowing down. In 2017, 30% of rap songs that reached the top ten of Billboard's Hot 100 had a Lean reference and Killy made "Killamonjaro" one of them by stating his love for three of Hip-Hop's addictions.

Killy previously shared his lovefor these drugs before on a track ironically called "No Romance"

'Cause I was so gone off the molly
Sorry, not sorry
Roll up deep to the party
Only Uber big body
'Til I cop dat 'Rari
Push to start, no car key
I am so sick of these bitches, they trippin'
I swear that they learn from Kehlani
(Run this shit, no sweat

That's the best way you can explain molly bro. That's how it feels. Every good thing in life that you have—you take molly, it will amplify it by 10. So you might like a girl, but you don't love her, but off molly, you're probably gonna marry her, bro.

Debout dvant ta maison

Ton biggot sonne mon reuf répons pas c'est la mort qui apelle
pour ça que dans mon coffre j'ai la pelle

Tu seras finalement enterer , y a que ça comme issue tu peux pas
t'échapper

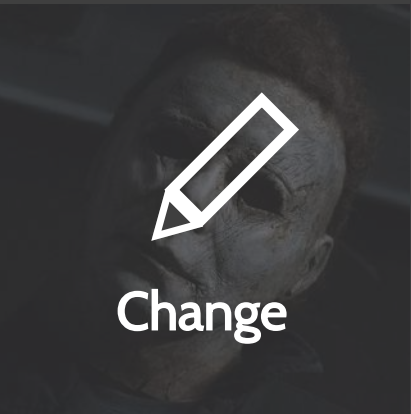

1 masque, pas d'capuche si j'prends ta hache c'est pas pour la bûche
Si on s'déplace c pas pour rien tu s'ras a 4 pattes a nous supplier
Apelle moi grand loup (compte jusqu'à 3) sur ta maison j'vais souffler

Si tu survie mon gus faudras mailler
Toujours derriere toi on finiras par te rattraper
